

California Statewide Fire Summary

Friday, August 30, 2013

Over 8,300 firefighters continue to make progress on the rash of wildfires that have been burning across California for several weeks. Firefighters have contained three more of the large wildfires, leaving a remaining seven active major wildfires. Overnight the American Fire in Placer County, the Deer Fire in Tehama County, and the Little Fire in Riverside County were all contained. Though weather conditions were somewhat mild this week, a steady warming and drying trend is expected with temperatures over the weekend being several degrees above normal.

Progress continues to be made on the challenging Rim Fire near Yosemite National Park. The fire has now burned 201,894 acres, but firefighters have the blaze 32% contained. Yesterday, the advisory evacuation notice for Tuolumne City, Soulsbyville and Willow Springs was lifted. The Rim Fire is now the 5th largest wildfire in California's recorded history. [See the Top 20 list.](#)

With Labor Day weekend beginning CAL FIRE is urging Californians to be extra careful with their outdoor plans this holiday weekend, as fire activity and fire danger remain high statewide. Anyone going outdoors or camping this weekend should take every precaution to avoid sparking a wildfire. For more steps to prevent a wildfire visit PreventWildfireCA.org. One Less Spark, means One Less Wildfire.
